

Mood Indigo feels honoured to have been associated with **Pulz Audio**. The sound support provided by Pulz Audio for **Mood Indigo '09** was really great and we managed to pull off some amazing concerts. It was a great experience working with your team. The help and support rendered by you and your team is unparalleled and priceless. We feel highly gratified and this association has been something to boast about on our front. We really appreciate your support and look forward to further associations in future.
